MISURA GIOIA GIULIA GIOIELLA COMPACT

Elevate prestazioni senza mai dimenticare il design: le nostre vetrine rispecchiano uno stile inimitabile per esaltare la bellezza di ogni locale. Le esclusive tecniche di refrigerazione e gli innovativi sistemi di illuminazione, permetteranno a gelatieri e pasticceri di tutto il mondo di conservare le loro creazioni ed esporle come fossero opere d'arte.

Outstanding performance without forgetting design: our display cabinets are impeccably styled to upgrade the decor of any business premises. Exclusive refrigeration techniques and innovative lighting systems, they enable ice-cream makers and confectioners the world over to conserve their creations and display them like genuine works of art.

ICETECH

MISURA

MISURA LEGGEREZZA & LUMINOSITÀ

Misura, light and luminous

Innovazione nella forma, ma anche nel contenuto: temperatura di esercizio da -25°C a +4°C, controllo dell'umidità, maxi ventilazione, vetri temperati con illuminazione LED.

Innovative in contents as well as form: operating temperature from -25°C to +4°C, humidity control, maxi ventilation and tempered glass with LED lighting.

GIOIA STILE&DESIGN

Gioia, style & design

Gioia non è solo l'emozione di vivere la bellezza nella sua forma più pura, ma anche un concentrato di tecnologia. Un design raffinato dove l'essenziale si addolcisce, per lasciare spazio a una elegante convessità. Un diamante che risplende in ogni suo lato, anche grazie alla doppia illuminazione al LED.

Gioia is not only the thrill to experience the beauty in its purest form, but also a wealth of technology. It is innovation in form but also in contents. A sleek design where the essential softens to make room for an elegant convexity. Gioia is a diamond that shines on every side, also thanks to the double LED lighting.

ESTETICA E STRUTTURA

- Cristallo e pannello frontale in vetro extrachiario senza serigrafie
- Tettino in vetro temperato extrachiario
- Chiusura lato operatore con scorrevoli in plexiglass
- Dispositivo di illuminazione a doppio LED sul tettino e sulla mensola di esposizione
- Spalle terminali in vetrocamera extrachiario

TECNOLOGIA

- Impianto refrigerante standard con compressore semiermetico 400v/3/50 Hz (versione gelato)
- Pannello di controllo elettronico con termometro e termostato digitali
- Gas refrigerante R404a

AESTHETIC AND FRAMEWORK

- Front window and panel in extra clear glass with no silkscreens
- Top made of extra clear tempered glass
- Operator's side closing by plaxiglass sliding doors
- Double LED lighting on top and shelf
- End side panels in IGU extra clear glass

TECHNOLOGY

- Standard cooling system with semi-hermetic compressor 400v/3/50 Hz on ice cream version
- Electronic check panel with digital thermometer and thermostat
- Refrigerating gas R404a

COMPACT TRASPARENZA ASSOLUTA

Compact, complete transparency

Proporzioni leggere e compatte che conquistano immediatamente lo sguardo. La struttura di supporto trasparente permette la massima visibilità per esaltare al meglio il prodotto esposto.

Streamlined, compact proportions to delight every eye. The clear supporting structure gives maximum visibility for the most effective product display.
